"Probably the most comfortable belt in the world"

Several customers have said that the Stretchy stands have been the best addition to their store in years. The Single Stand holds 20 styles of belts and will take up to two of our add-ons which simply clip on the side of your stand. This creates a great offering with most customers buying multiple products. The Rotary Stand comes with 12 built-in hooks. The Stretchy's popularity is fuelled by its great comfort.
